

# MOST WORSHIPFUL GRAND LODGE OF COLORADO AF&AM

## From the Desk of the Grand Master

Greetings Brethren All,

As I write to you the weather has begun its transition to fall, though I am certain we still have some hot dry days ahead here on the front range. With that transition students are turning to education, in many cases in a vastly different form than was the norm a year ago. So, too, are our lodges returning from traditionally being dark for the summer to uncertain circumstances or changed meeting parameters due to COVID-19. I commend the brethren who are creatively seeking alternatives to include requesting dispensation to move their charters and meet on ranches or rural areas where

social distancing may be maintained, and work performed free of cowens and eavesdroppers. A few of our lodges are fortunate to have large halls where there is no issue with work being performed following with reasonable precautions. If the lodge leadership has questions regarding acceptable practices do not hesitate to reach out to your district lecturer, your Grand Lodge liaison officer, or myself.

The delayed budget session is currently scheduled to take place on Saturday, October 3, 2020. Details regarding the schedule for the day will be forthcoming. Please note the meeting has been moved to the Hotel Eleganté, 2886 South Circle Drive, Colorado Springs, Colorado 80906. The relocation was necessitated to provide adequate space for the number of expected attendees while allowing for social

distancing. Please recognize this planned meeting is subject to governmental constraints and is subject to change to comply with those restrictions. In Edict Number Six I indicated each committee would have one representative carrying proxies for the other two votes. It has been brought to my attention that only lodges may have proxies, therefore each committee will be allowed to have three voting delegates at the session. Please pay close attention to communication from the Grand Lodge office regarding this important event.

Many of our brethren in the western part of the state are experiencing the impact of what has become the largest forest fire in the history of Colorado. Our thoughts are with them in these trials. If you or a brother needs

assistance due to the conflagration do not hesitate to go through the lodge to seek benevolent assistance: providing relief to a distressed worthy brother is one of our charges.

May the Grand Architect of the Universe continue to guide and protect all Freemasons whither so ever dispersed. Follow the tenets of the craft, be circumspect in your thoughts, words, and actions, live a life worthy to be called a Brother Freemason.

Fraternally,

David L. Coberly

## Freemasonry's Support of Public Education

Have you wondered about the importance of public education in the eyes of Freemasonry? We need look no further than Thomas Jefferson to understand the essential necessity of an educated public to the continuance of the republic.

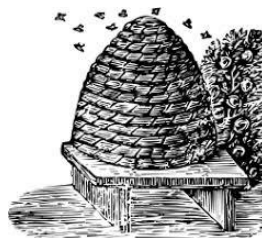

**"I know no safe depository of the ultimate powers of the society but the people themselves; and if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform their discretion by education. This is the true corrective of abuses of constitutional power." -- Thomas Jefferson to William C. Jarvis, 1820. ME 15:278**

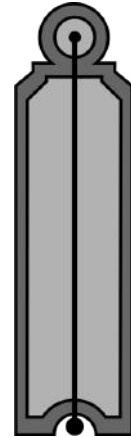

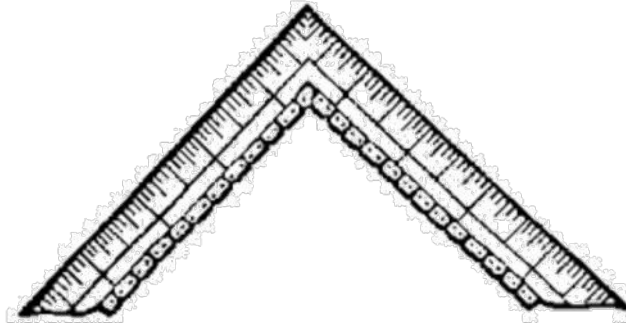

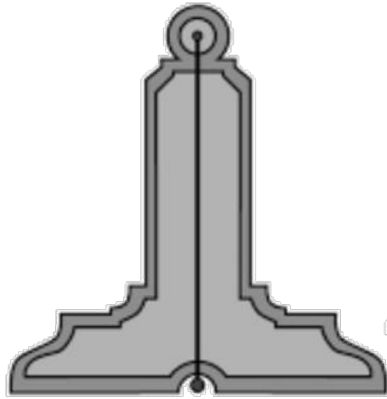

I cannot help but think Jefferson had a different concept of education than we see in the public school system we see today. In many cases education in logic, critical thinking, reasoning, and objective analysis are absent from the classroom. As Masons I believe we owe it to ourselves and the future of our nation to put forth the effort to seek out facts and information, not soundbites and shaped narratives; to apply critical analysis to those facts and information, and make informed decisions when we exercise our right to vote on the issues and those who will represent us.
